SECOND 100 CANADIANS NOT GOING TO AFRICA.

Kritzingers' Commando Evades Capture.

Boers Murder Three Scouts.

Winnipeg, March 15, '01.

Canada has not been asked to raise another 1,000 men for Baden-Powell's expedition, Col. Steele labors under a mistaken impression.

Adelaide, Cape Colony, Wednesday, March 14.—Kritzingers' commando is working northward and has eluded three British columns. It passed here on both sides of the town without a shot being fired.

Yesterday evening a Boer party captured four native scouts and shot three of them. Kritzingers men have carried off all the horses in the Albany district for which, as they were registered, Great Britain will have to pay £10,000. The riders are civil to the inhabitants of the district though they commandeered horses and food. They did not indulge in wanton destruction of property and in many cases offered cash for the food they obtained.

Kritzingers' commando has eluded the British at Adelaide. The men shot three scouts and commandeered horses and supplies.

A number of military changes were suggested at Ottawa, principally provisions in the Canadian Mounted Rifles.

Lord Kitchener is anxious to grant the Boers more liberal terms than the home authorities care to sanction.

PATRICK'S HILL

The infant child of Mr. Adam Burke, which passed away on Thursday last, was buried in the Josephburg cemetery on Friday.

Mr. Laidman discontinued his revival services on Friday last.

H. H. Wright and son, Merritt, are making a start on their farm this spring.

T. Clutterham, of Agricola, has been visiting his uncle, Mr. S. Pearce, for the past three weeks.

Messrs. Reid and Wark, of Parry Sound, arrived in the settlement on Monday. They will be followed in two weeks by Messrs. Chisholm and McGee.

Joe Smith has three Russians engaged digging a well.

VICTORIA (PAKAN)

Victoria settlement is in a pretty district on the north bank of the Saskatchewan, some seventy-five miles down the river from Edmonton. Upwards of twenty river lots are occupied chiefly by half-breed settlers. These lots vary in size from about sixty to over two hundred acres. Midway and also facing on the river, is a large Hudson Bay reserve of some thirty thousand acres. North and south-east, but chiefly along Smoky lake creek is a growing colony of Russians. This colony is a part of the north from the main colony which ranges some thirty-five or forty miles in length on the south side of the river from Star of Vermilion. With a few years increase of population and immigration this will be an immense colony of Russians and by the Bulletin's notice that it is only one of the many of such colonies in different parts of the Northwest. There are yet great improvements to be carried out in the matter of education, etc., if these people are to be aided to become good Canadian citizens, loyal, worthy members of the British Empire. Referring again particularly to Victoria, the farms along the river benches appear pleasant and snug sloping towards the river and to the sunny south and sheltered to the north by the upper banks of the river benches and by considerable growths of timber around buildings and grain fields. Up the river a few miles is another settlement of somewhat similar description which is called Lobetick.

Above and to the north the country is said to be very much covered with bush and hay sloughs of varying size. It is said that there is not much open summer range for cattle, but that another prairie field would render the country much more open in part for grazing purposes.

The Hudson Bay store houses, and the telegraph office are just opposite the ferry landing.

The Rev. John Scott, of Star, preaches here fortnightly.

Victoria Methodist church, in which the public school is taught, is a spacious, airy building with a ceiling 25 feet elevation. Not many northwest rural schools are yet favored with so much air-space for the health of teachers and pupils. The church and school is also favored with a very fair organ. The musical talent is exhibited both at church services and in the day school is remarkably good; the pupils generally are remarkably bright.

The fur catch is reported poor this year, by the local trappers.

Whitefish are also reported scarce. Travelers for some time, have descended the south bank by the oil well approach to the river, the other slightly more easterly approach being deserted on account of its roadbed being flooded by the spring and fresh smooth ice constantly forming there. Very recently the same difficulty has occurred on the oil well approach (except for pedestrians or saddle ponies who can climb a side path) it is best now for travelers to take the approach a half mile or so further down the river where the road is said to be quite good.

The oil well or what was prospected as a probable oil well, has during the winter presented an extraordinary sight to the passer-by. The low side of the boring was washed away by the great flood. Some lengths of piping were twisted off and a gushing stream has poured forth from a short elevation of piping and flows down over a cone of ice to the lowest water level of the river. Nearly still lie the old boiler and a large amount of heavy piping.

AGRICOLA

The weather for the past week was so fine that the farmers were getting ready for seeding. Some fish yards about seeing several flocks of wild ducks flying north. Robins and crows are here.

On Thursday last Mr. Kriedemann's boy, about 15 years of age, died and the remarks were taken to Strathcona on Sunday for burial. The funeral services were conducted by Rev. Adamson before a large number of people.

On Monday night Mr. Stone gave a party, at his departure for town.

Mr. Kier contemplates moving into town in the near future.

Mr. W. Walker, who rented his place last year and moved into Strathcona, is going to start farming again. Town life does not agree with him. He intends to move out this week.

The last thaw was a great drawback to the farmers and saw mill men. There are hundreds of logs in the

woods which cannot be hauled to the mill.

No cause of the speckled disease reported here yet, though the hens are laying speckled eggs. The health authorities ought to investigate.

HOCKEY AT LEDGO

One of the most exciting hockey matches in Northern Alberta was played here on Friday morning last, between the conservatives and liberals. The game was the result of a challenge from the conservatives with the understanding that the losing side would put up an oyster supper. The morning was beautiful and clear and most of the business men of the town gathered around the fence of the Lakeside rink to witness the match. Six men composed a side. The ice was not in good condition nevertheless during the first half the game was fast and furious and when half time was called the score stood 4 to 1 in favor of the liberals. During the second half the conservatives worked hard and they tied the score 4 to 4. This woke the liberals and in quick succession they scored 3 more goals. Thus when time was called the score stood 7 to 4 in favor of the liberals.

In the evening all repaired to the "Waldorf" where the oysters were served in good style and a pleasant time was spent. The games caused much excitement in town. The teams were as follows:

Conservatives.
W. Botterill, J. B. Holden, P. Elliott, W. S. Nugent, W. Kirkpatrick, forwards J. Glasville, R. Heath, goal J. E. Sheppard, Sheppard, cover point J. Stevens, Dr. Sutherland, goal E. O'Neill.

Died, at Conjouring Creek, on Tuesday, March 7th, at 10 p. m., Ruth, only daughter of Mr. and Mrs. Geo. Kirkpatrick, aged about 4 years. The remains were interred in Ledgo on Sunday at 2 p. m. The services were conducted by Rev. W. H. Nugent.

The ladies aid of the Presbyterian church will serve a conundrum supper in the Forester's Hall on Friday evening next.

Miss Hattie Glasville left on Saturday for Calgary where she will spend some weeks assisting Glasville & Robertson to prepare for their spring military opening.

CROW'S NEST COAL COMPANY.

The report of the annual meeting of the Crow's Nest Coal Company has just been published, showing the net result of the year's operations to have been a profit of \$141,000. No dividend was paid, this sum having been carried forward to the credit of profit and loss. During the year 1900 the production of coal amounted to 220,058 tons, of which 114,000 tons were devoted to the production of 73,000 tons of coke, while the balance of 106,058 tons was disposed of as merchantable coal. A very important statement in the report shows that nearly half a million dollars was paid out in wages to about 800 men at present in the company's employ.

BULLS FOR N. W. T.

Arrangements have again been made by the Pure Bred Cattle Breeders' Association of Manitoba, whereby pure bred bulls will be shipped from Manitoba to the Territories under arrangements with the Territorial government. Apply to Department of Agriculture, Regina, for conditions, etc. Freight charges only \$5.00 per head. Cows will be dispatched as soon as sufficient animals are booked.

The Association can confidently recommend carefully selected bulls to place their orders with Mr. William Sherman, Souris, Man., who will again take charge of the shipments.

PROPOSED ELECTRIC RAILWAY.

A special meeting of the council was held on Wednesday evening to listen to a proposition of Mr. T. A. Stephen with reference to the proposed electric railway company, the charter of the Edmonton street railway company now held by the town of Edmonton. There were present the mayor and councillors Blower, Henry, Goodridge, Morris and Brown.

About two years ago Mr. Stephen approached the council on the matter, but no satisfactory agreement being reached the question dropped. The purpose of Wednesday evening's meeting was to consider the alterations devised by Mr. Stephen in the draft agreement of 1899. After the reading of the charter and the draft agreement, the council on motion of Councilman Morris and Henry were resolved into a committee of the whole and proceeded to consider the agreement clause by clause. After getting it roughly shaped into condition acceptable to both parties, a committee of the town council was appointed to make a final draft of the agreement, after which it will be gone over with Mr. Stephen before Wednesday's meeting, when it will be finally passed on by the council.

In 1894 the council procured a charter for a street railway with powers to build from Strathcona into Edmonton and project lines into the country for ten miles in any direction from Edmonton. It is the purpose of the present negotiations to apply for an extension of the charter to permit an extension within a radius of twenty-five miles of the town, the idea being to take in St. Albert, Stony Plain and Fort Saskatchewan. The acquiring of these rights from parliament will be a condition precedent to the purchase of the charter by the company represented by Mr. Stephen.

OAT SATISFACTION.

The figures of local grain men show that there have been market here for a week in Strathcona, of last summer's crop, some 712,000 bushels of oats. The average price paid, it is estimated, was 25¢ placing the total revenue of the district from this cereal alone at \$178,000. These figures were gathered from all the local buyers, except one on the south side, who preferred not to give his figures. This would, it is thought, have made a small increase in the amount sold. Another thing, the buying season is not over yet and deliveries before the season ends will have increased the total. One dealer alone informed the Bulletin that from now till the new crop gets counted on getting another 100,000 bushels.

END OF CURLING.

The curling season closed on Monday night, when Mr. Emery's rink played and won the final for the Calgary Curling Club's cup. The past few days have been busy for the curlers, and every advantage has been taken of the right frosts in order to pull off the games. The winners in the different events are:

Blue Ribbon cup: R. Robertson, B. Johnson, A. Fraser, J. C. Dowsett, skip.

Hardy cup: D. Fulton, A. E. Paulson, D. R. Stewart, M. McCauley, skip.

Calgary Curling Club cup: Fred Taylor, G. J. Kinnaird, St. Geo. Jellott, E. C. Emery, skip.

McDonald cup (singles): H. Campbell.

District medal (pairs): B. Poile.

Emmanuel's prizes: R. Robertson, B. Johnson, A. Fraser, J. C. Dowsett.

HAULTAIN'S IMPORTANT STATEMENT.

Commercial: Premier Haultain, of the Northwest Territories, was in Winnipeg this week and while here stated that steps are shortly to be taken with a view to having the Northwest Territories created a separate province with all the rights and prerogatives now enjoyed by other provinces.

WINNIPEG OAT MARKETS.

Commercial: Receipts are largely from Northern Alberta, Manitoba oats being very scarce and of poor quality. Farmers are taking a good many oats for seed purposes. The demand for feed oats is also fairly large. Manitoba oats are worth 36 to 38¢ in carlots on track here, and Alberta oats 40 to 48¢, according to quality. Most of these latter are changing hands at 42¢.

REPORTED DIVISION OF THE TERRITORIES.

Calgary, N. W. T., March 9.—The Alberta has the following despatch from Ottawa: "It is stated here authoritatively that as soon as the census returns are all in from the Territories steps will be taken to divide the present Northwest Territories. The proposal is to incorporate all east of the third meridian with Manitoba and constitute a new province of the west under the name of Alberta. The capital of the new province will be Calgary." Mr. Haultain interviewed the above said he had hopes that parliament would deal with the matter very soon. Legislation would be impossible this season, and during recess enquiries would be made and accounts taken. Something must result from that, and the result could be believed only to be parliamentary action. There was a great probability that a definite proposition would be laid before parliament and the legislature in 1902. The question of the boundaries would be considered in detail. But, personally, he said, "I am inclined to the belief that the events of the last year and a half in Manitoba will make the addition of any part of the Territories to Manitoba improbable." He added that the population of Manitoba, when made a province was about the same as Alberta's voting list is now. Therefore no objection could be raised on the score of population.

LOCAL.

—Bicycles are again in use on the dusty roads.

—Rev. D. G. McQuarrie returned Wednesday from the coast.

—"Shot," the well known riverman, is in from Lac La Biche.

—A cuff button found near the Bulletin office awaits an owner at the office.

—Corps Phillips, of the Lesser Slave lake detachment of the N. W. M. P., came in from the lake this week.

—A rabbit hunting party went out from town Wednesday. They report rabbits scarce, but chickens plentiful.

—Rev. Dr. Sparling, principal of Wesley College, Winnipeg, came in last night. Rev. Dr. Sparling preaches in the Methodist church here Sunday evening.

—If the ice hangs out it is intended to have a match, trial vs. Scotch, on the curling rink on Saturday, the 16th inst., in honor of St. Patrick's Day, which falls on Sunday.

—J. M. Swiggett and W. R. Smith, who have been trading and trapping at Great Slave lake, came in from a few days for their homes at Joliette, Ill.

—D. Wagner appeared before W. S. Edmonson, J. P., on Tuesday, charged by Nikolai and Aleksei Dwardowoko, two Galicians, with having defrauded them of \$10 each. The accused was dismissed. Ed. C. Emery appeared for the prosecution and J. G. L. Brown for the accused.

—John H. Wilson, manager of the branch of the Imperial Bank, at Strathcona, has been transferred to the management of the branch at Prince Albert. J. M. Kains, accountant of the bank here, has been promoted to the management of the Strathcona branch, and the vacancy left by the promotion of Mr. Kains will be filled by Wm. MacDonald, at present accountant of the bank's branch at Revelstoke. Mr. Wilson leave in a few days for Prince Albert.

—The entertainment next Thursday night in aid of the public reading room at Strathcona promises to be one of special interest. The committee has secured the services of good local concert talent and it is expected that Miss Reid of Strathcona, will give one or two numbers on the programme. In addition to this Mr. Jamieson and Mr. Giesbach will speak on phases of the South African war. Full particulars of the programme will be given next week.

—Race Harris, formerly a paymaster in the British navy, and for the past five or six years a resident of Edmonton, died in the General Hospital here last night. Cause of death, heart failure. Mr. and Mrs. Harris came here from England with their two sons. Several years ago Mrs. Harris died, and the two boys have for the past year been attending St. John's College, Winnipeg. The funeral takes place to-morrow at 2:30.

—Hon. Jas. H. Ross, who was in Winnipeg last week, interviewed the editor and expected to leave Vancouver about the 24th or 25th of this month, as a steamer will leave there about that time for Skagway. Regarding the pending elections in the Territories Mr. Ross expressed the opinion that Messrs. A. J. Sifton and Lake were sure of re-election.

WAR NEWS.

The London Times publishes the following despatch from Amsterdam, 14th: "General De Wet has escaped northward by a forced march with 400 men. His objective is believed to be the vicinity of Koonstard. Four other Boer leaders are all in the southern part of Orange River Colony. Now that Gen. De Wet is back in his own country it will be almost impossible to operate against him. Just as soon as he is granted his commando dissolves, to meet again a few days later. Only a few bands of Boers are now left in Cape Colony."

Market closed dull at 67 1/2 for No. 3 hard Ford William, on the 9th. No. 1 hard is worth 51 1/2 for No. 2 hard Ford William.

DEATHS.

Harris.—At Edmonton, March 14th, Rice Harris, aged about 48 years.

The funeral takes place from the General public hall, mortuary to-morrow at 2:30 p. m. at St. John's church.
